Subject: ENPRESS Dome Hole Tanks

ENPRESS LLC is pleased to announce the introduction and availability of its NEW Dome Hole Tanks! Our schedule for product release is as follows:

- Available for shipment in December – 10” Diameter D.H. Tanks
- Available for shipment in January – 12” and 13” Diameter D.H. Tanks

ENPRESS is taking orders today for delivery in December for shipment of 10” Dome Hole Tanks; so place your orders today to insure shipment in December for our new NSF approved tanks!

Attached to this letter you will find the new 2006 price list for ENPRESS tanks to calculate you per unit cost, your current multiplier applies. The updated ENPRESS Part Numbering Guide is attached, with the addition of Dome Hole tanks. Also attached is our Dome Hole Orientation Guide, based on valve and inlet indexing, all based off of the lead thread, so you can determine what location you need for the D.H., based on the types of valves you use.

Thank you for your support and continued efforts with regard to the ENPRESS mineral tank line, we look forward to growing our partnership with you and we pledge our commitment to providing the highest quality water treatment solutions to the marketplace today and in the future.

Sincerely,

Michael P. Mormino
VP Sales & Marketing
