ENPRESS LLC – ENPRESS LLC Acquires Applied Process Equipment of Scottsdale, AZ

EASTLAKE, Ohio – ENPRESS LLC is pleased to welcome Applied Process Equipment (A.P.E.) of Scottsdale, AZ to the ENPRESS family of companies. A.P.E. is a recognized leader in commercial, industrial and community water filtration solutions in the field of arsenic remediation and other critical contaminants, with a complete line of commercial products and systems for a wide variety of applications. “Applied Cartridge Systems” are NSF/ANSI certified and utilize the NEW ENPRESS ATOMUS® filtration medias to provide unparalleled performance.

“The acquisition of Applied Process Equipment will continue to add to our vertical integration in the field of water treatment for commercial and industrial applications, their proprietary product line and market penetration, will deliver efficiencies and growth opportunities to ENPRESS and our distribution partners. We welcome the team of A.P.E to the ENPRESS family and look forward to a bright future with Richard and the team,” said Michael P. Mormino, VP of Sales & Marketing.

“We are extremely pleased to join the ENPRESS family of companies”, said Richard Sinclair, President/Owner of Applied Process Equipment. “The ENPRESS acquisition significantly grows our capabilities to market and expand our unique line of NSF/ANSI certified water treatment cartridge systems”, he continued.

Headquartered in Scottsdale, Arizona, Applied Process Equipment has designed and built innovative water and wastewater treatment solutions for the commercial marketplace since 1988.
