ENPRESS LLC – NEW Cartridge Tank® “Servicing Simplified” Video

EASTLAKE, Ohio – ENPRESS LLC is pleased to announce the release of its “Servicing Simplified” video on its corporate website, for the patented and patent pending ONE Filtration Cartridge Tank®. The video features the simple and easy steps for changing out a filter in this unique filter housing. Visit the company website to view the video: <http://www.enpress.com/site/resources/enpress-video-simplified-servicing/>

This **ONE** - Water Filtration Simplified® filter series is ideal for a wide range of Residential, Food Service, Commercial, and Industrial applications, and can be used for multiple applications from Service DI, POE for city or well-water installations, Rental Programs, Exchange systems, high-purity pre- or post-filtration applications, etc...the options, configurations, and solutions are endless.

ENPRESS **Cartridge Tank®** is a direct replacement for small and inefficient 2.5” or 4.5” housings, or expensive Stainless Steel cartridge housings, and is an NSF 61 listed device. **SEVEN** filtration series options are currently available: **Green, Orange, Yellow, Blue, White, Red, and Purple**. Each “series” offers unique filtration capacities and flow rates from residential requirements up to 150gpm. **Cartridge Tank®** is specifically designed for Residential, Light Commercial, and Commercial Point-of-Entry (POE) installations and applications. The patented and patent pending ENPRESS Cartridge Tank® filtration system features an easy to access top and bottom opening for use with multiple filtration connections and solutions, in a lightweight and cost effective package. With multiple configuration options, this is the filtration solution of the future...100% non-metallic!
